

Dog Run Rules

01/02/2023

These rules have been formulated due to unpleasant incidents experienced by dog owners. This was driven by some dogs not being socialised, which may result from some dogs being 'rescues' with an unhappy past. Unhappy or scared dogs can cause issues in otherwise happy packs or social interactions. We want to stress that this is not the owner's or the dog's fault.

Bookings may be made on the ClickOn Connect app or at the Office at reception@cedarlakes.co.za. When you arrive for any scheduled time session, please check the dog run first and ensure no one else is still using the facility. If it is clear to enter, please do so and lock the gate while also changing the flags so people are alerted and aware it is in use. Please note that the bottom gate will now be permanently closed, and all access will be exclusively through the top gate.

All existing dog-run rules still apply. "All entrants and users of this Dog Run do so at their own risk. The Cedar Lakes Homeowners Association, its board of directors, and its employees are not liable for any injury, death, loss, or damages arising from using the facility."

THE RULES

1. TIMES BLOCKED OUT ON THE BOOKING CALENDAR DO NOT REQUIRE BOOKINGS.
2. Please book 24hrs in advance.
3. A person cannot book two sequential times.
4. A person who has booked a time is welcome to invite friends (residents) with dogs that know each other and get along, to join them in their slot.
5. Should a person have their dog inside the run within a booked time slot, they will be responsible for any possible canine conflict.
6. Anybody using the dog run in an open time is responsible for their dog, and any injury it may inflict on other dogs, residents, and employees will not be held liable.

These rules have been formulated to accommodate all dog owners. Failure to abide by these rules may result in a penalty and/or a temporary or permanent ban on using the dog run.

Directors:

T Watson (*Chairman*), K Jones (*Vice Chairman*), J Naude, S McQuade,
J Counihan
