

8 September 2025

JOIN THE CEDAR LAKES FISHING CLUB

We're excited to announce that membership applications for the Cedar Lakes Fishing Club are open! *Starting October 1, 2025, only club members will be allowed to fish in our lakes.*

- Joining the club is free of charge.
- Acknowledge adherence to the club rules.
- Each person should complete a separate application.
- Max.4 memberships per household.
- Membership is only for residents of Cedar Lakes.
- Non-residents (guests/family) must be accompanied by a resident who is a club member at all times.

The Cedar Lakes Fishing Committee is committed to finding ways to minimise our impact on the environment and protect our wildlife. We need your support to make this work. Let's work together to preserve our fishing areas and protect our feathered friends!

We've noticed that fishing line and litter are often left behind, posing a threat to our resident geese and ducks. When these birds get entangled, it can lead to distressing situations that end up on social media, prompting calls for fishing to be banned.

We're appealing to all residents and fishermen to take responsibility for their actions and clean up after themselves. Please:

- *Dispose of unwanted fishing line and litter in the bins provided*
- *Educate your children on the importance of keeping our fishing areas clean*
- *Support our efforts to find solutions and implement effective rules to prevent these issues*

Tight lines,

Cedar Lakes Fishing Club
